1. Important Information – Disclaimer

“HOTEP” (hereafter referred to as the “SIF”) is exclusively dedicated to institutional investors, professional or other sophisticated investors, experienced in judging the risks associated with investments targeted by the SIF. Consequently, only investors who are qualifying as “Eligible Investors” in accordance with Article 2 of the law of February 13th, 2007 relating to Specialized Investment Funds and willing to accept the risks and described below are permitted to subscribe.

The SIF is incorporated as a limited company with variable share capital (“*Société d’investissement à capital variable*”) and registered on the official list of Specialized Investment SIFs subject to the supervision of the Luxembourg supervision authority “Commission de Surveillance du Secteur Financier” (<http://www.cssf.lu/index.php?id=8>).

However, such registration does not require any Luxembourg authority to approve or disapprove either the adequacy or accuracy of this Issue Document or the portfolio securities held by the SIF. Any representation to the contrary is unauthorized and unlawful.

Shares of the SIF are offered on the basis of the information and representations contained in this Issue Document or the documents specified herein and no other information or representation relating thereto is authorized. Neither the delivery of this Issue Document nor the offer, issue or sale of shares in the SIF shall under any circumstances constitute a representation that the information given in this Issue Document is correct as at any time subsequent to the date hereof.

The shares of the SIF have not been registered under the United States Securities Act of 1933 and may not be offered or sold directly or indirectly in the United States of America (including its territories and possessions), to U.S. Persons, as defined in Regulation S (“U.S. Persons”) except as what is otherwise permissible under U.S. laws and, more specifically, what is permitted under available exemptions of both the United States Securities Act of 1933 and the Investment Company Act of 1940.

The distribution of this Issue Document in other jurisdictions may also be restricted; persons into whose possession this document comes are required to inform themselves about and to observe any such restrictions. This document does not constitute a solicitation by anyone in any jurisdiction in which such solicitation is not authorized or to any person to whom it is unlawful to make such solicitation.

The information contained in this Issue Document is supplemented by the financial statements and further information contained in the latest annual reports of the SIF, copies of which may be requested free of charge at the registered office of the SIF.

The Board of Directors of the SIF have taken all reasonable care to ensure that the facts stated herein are true and accurate in all material respects and that there are no material facts the omission of which makes misleading any statement herein, whether of fact or opinion. The Board of Directors accepts responsibility accordingly.

2. Note to the Readers

The attention of the reader is drawn to the fact that this Issue Document is constructed as follows:

Section 23 refers to the investment policy of “HOTEP – Global Flexible” as well as its specific features and parameters.

Sections 6 and following describe the legal and operational principles of HOTEP, its general terms and conditions and management and investment parameters which apply to the SIF in general as well as to the different Sub-Funds that may compose the SIF.

For further information, please refer to the Table of Contents of this Issue Document.

5. Definitions

The following definitions apply throughout this Issue Document.

Articles	The articles of incorporation of the SIF, as may be amended from time to time.
Board of Directors	The Members of the Board of Directors of the Specialized Investment Fund “HOTEP”.
Business Day	Any day on which banks are open for business in Luxembourg.
Calculation Day	Day on which the SIF’s NAV is calculated as specified in the Section specific to the relevant Sub-Fund, except a day falling within a period of suspension of determination of NAV, if any, and any other Business Day deemed by the Board of Directors of the SIF to be a Calculation Day.
Central Administration	FundPartner Solutions (Europe) S.A.
Custodian Bank	Pictet & Cie (Europe) S.A.
Eligible Investors	Pursuant to Article 2 of the Law of 2007, any institutional investor, professional investor or any other investor who meets the following conditions: <ul style="list-style-type: none">• he has confirmed in writing that he adheres to the status of well-informed investor, and• he invests a minimum of EUR 125,000 in the SIF, or• he has obtained an assessment made by a credit institution, within the meaning of Directive 48/2006/EC, or by an investment firm within the meaning of Directive 39/2004/EC, or by a management company within the meaning of Directive 107/2001/EC certifying his expertise, his experience and his knowledge in adequately appraising an investment in a specialized investment fund.
Independent Auditor	PricewaterhouseCoopers

- Strictly Private and Confidential -

2 rue Gerhard Mercator
L-2182 Luxembourg

Law of 2007	The law of February 13th, 2007 relating to Specialized Investment Fund, as may be amended from time to time.
Law of 2013	The Law of July 12 th , 2013 on Alternative Investment Fund Managers, as amended from time to time.
Mémorial	Mémorial C, Recueil des Sociétés et Associations, i.e. the Luxembourg official gazette.
NAV	The net asset value of a Sub-Fund of the SIF and of each Share (pertaining to a Shareclass or a Shareclass), as required by the context and as determined pursuant to Section “13. Net Asset Value” below.
Paying Agent	Pictet & Cie (Europe) S.A.
Pricing Day	The Day as of which the pricing data will be used to evaluate the assets of the Company.
Reference Currency	The currency in which is expressed the SIF or a Sub-Fund or the NAV of a specific Shareclass, as required by the context; it being understood that the Reference Currency of the SIF is the Euro (EUR).
Shareholder	A registered holder of Shares.
Shares	Shares issued by the SIF, whatever Shareclass they belong.
SIF	HOTEP, a company organized as a société anonyme and registered as a specialized investment fund in Luxembourg.
Securities Financing Transaction or SFT	(i) a repurchase transaction; (ii) securities lending and securities borrowing; (iii) a buy-sell back transaction or sell-buy back transaction; (iv) a margin lending transaction as defined under the SFTR.
SFTR	Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012.
Shareclass	Within each Sub-Fund, the Board of Directors may create different Classes of Shares, the list and characteristics of which are, as the case may be, detailed in the Section to this Issue Document.
Sub-Fund	Each sub-fund within the SIF.

TRS Total return swap, i.e., a derivative contract as defined in point (7) of article 2 of the SFTR in which one counterparty transfers the total economic performance, including income from interest and fees, gains and losses from price movements, and credit losses, of a reference obligation to another counterparty.

6. Description of the SIF

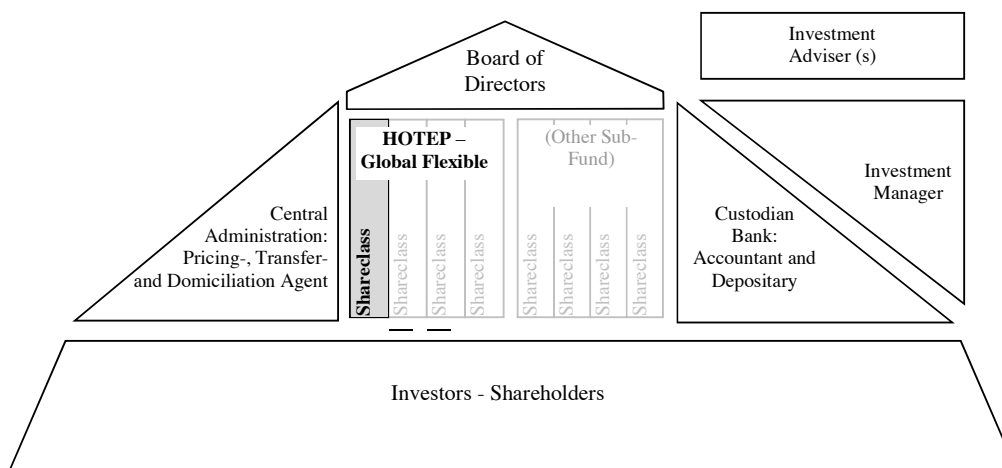

HOTEP (the “SIF”) was incorporated under the scope of the Law of 2007 in the Grand Duchy of Luxembourg, on 19.10.2010 for an unlimited period of time. It is organized as a multiple compartment investment company with variable share capital under the form of a “société anonyme”.

As an “umbrella-type” investment fund, the SIF’s Board of Directors has the possibility to create multiple, economically segregated sub-funds (hereafter “Sub-Fund”) each of which relates to a portfolio of separate assets which may be expressed in different currencies and be managed pursuant to different investment strategies.

Within each Sub-Fund, the Board of Directors may decide to create two or more classes of Shares (hereafter “Shareclasses”). The Shareclasses may differ in terms of their specific subscription and/or redemption fee structures, specific exchange rate hedging policies, specific distribution policies, currencies into which the Shareclasses are denominated and/or specific management or advisory fees, or other specific features applicable to each Shareclass.

The SIF constitutes one single legal entity. However, with regard to third parties, in particular towards the SIF’s creditors, each Sub-Fund will be exclusively responsible for all liabilities attributable to it.

The capital of the SIF will always be equal to the total value of the net assets of all its Sub-Funds, in accordance with its Articles. The capital of the SIF is represented by registered Shares with no nominal value.

The SIF was incorporated with an initial capital of EUR 31,000 by way of capital contribution. The initial share capital of the SIF was represented by 310 Shares of the Sub-Fund HOTEP – Equities - A CAP EUR. The subscribed capital of the SIF, increased by the share premium, if any, may not be less than the minimum fixed by the Law of 2007, i.e. the equivalent in the Reference Currency of the SIF of Euros one million two hundred and fifty thousand (EUR 1,250,000). This minimum has to be reached within a period of twelve months following the approval of the SIF by the Luxembourg Supervisory Authority.

Status under the *Alternative Investment Fund Manager Directive*¹

The SIF is registered with the *Commission de Surveillance du Secteur Financier* as a *self-managed AIF* under the 2013 Law on Alternative Investment Fund Managers, as its total assets do not exceed EUR 100 Mio.

7. Board of Directors

The Board of Directors has the ultimate responsibility for the management of the SIF's assets on a day to day basis and in accordance with the Sub-Fund's respective investment objective, policies and restrictions.

Thierry de Foy

Thierry de Foy has a degree in applied economics from the Catholic University of Louvain and began his career working for several years in a major audit firm.

Then, attracted by the richness of human contact, he opted for the banking business where he advised clients in various areas such as investments, insurance, loans and became managing director of several agencies.

Thierry co-founded Hougoumont Consulting sprl and now brings his long experience in the development and protection of private wealth, still with a strong focus on independence and transparency.

Jean-Claude de Visscher

Jean-Claude de Visscher studied economics and political science at the Catholic University of Louvain.

For nearly 20 years, he worked in the Investment Division of a major insurance group in Belgium where he became Member of the Management Committee.

As passionate asset manager, he is particularly interested in the strategic aspects of risk diversification and performance measurement. Jean-Claude is one of the co-founding partners of Hougoumont Consulting.

Benoit Dehem

Benoit Dehem has an experience of over 25 years in the Asset Management. He worked as a Private Banker with Bank DegroofPetercam for 7 years. He then managed the flagship fund of the same institution for 14 years and was awarded in 2008 by Lipper as best manager of global balanced funds authorized in Benelux and France for period of 3, 5 and 10 years. Assets under management increased from €400 mio to €3 billion under his tenure of the fund. In 2006, he belonged to the Top 100 European fund managers list of Citywire.

Benoit has been a Board Member with Degroof Asset Management Cy and with Eurinvest Partners, a Luxemburg asset management company, where he also acted as Chief Investment officer. He also performed as Risk Manager for different investment funds incorporated in Europe.

Benoit holds a Master in Financial and Commercial Sciences, a Master in Translation and a certificate in Corporate Finance.

Bernard Coussée

Bernard Coussée started his banking career in 1997 at Bank Degroof as a member of the structured products & derivatives sales team. After 3 years, he joined Puilaetco to co-found the financial products desk and launched the warrant program of Commerzbank on Euronext.

¹ [Directive 2011/61/EU](#)

As from 2004, he became a Private Banker at Puilaetco Dewaay. Later, Bernard worked at Eurinvest Partners as Senior Asset Manager from 2014 to 2017.

He holds a Master of Financial and Commercial Sciences (HUB) and is a member of the Private Banking Association.

Nathalie Gautier

Nathalie began her career at ING and then at Cogeba Gonet Bank in the accounting department (reporting to the IBLC and IML for 8 years)

She has extensive experience (18 years) in advising national and international clients in tax matters, in financial engineering as well as in accounting. She also follows a European HNWI clientele and has in-depth knowledge in implementing wealth planning vehicles in line with country-specific requirements.

Nathalie holds a Master in Major in Business Administration, and is an “Expert-Comptable” member of the OEC.

8. Investment Advisers

The Board of Directors has appointed Hotep Asset Management BVBA and *Hougoumont Consulting Sprl* as investment advisors to the Board of Directors (hereafter referred to as “Investment Advisors”) to provide advice as to the SIF’s asset management and the SIF’s placement with selected Investors. The SIF and the Investment Advisors entered into Investment Advisory Agreements for an unlimited period of time and which may be terminated by either the SIF or the Investment Advisors upon giving not less than a 30 days written prior notice.

9. Custodian Bank and Central Administration

Under an agreement dated as of 19.10.2010, Pictet & Cie (Europe) S.A. has been appointed as Custodian Bank of the SIF. Such agreement has been entered into for an unlimited period of time and may be terminated by either party subject to a 60 days written prior notice; provided, however, that any such termination be subject to the condition that a successor custodian assumes within two months the responsibilities and the functions of the Custodian Bank and provided, further, that the duties of the Custodian Bank shall, in the event of a termination by the SIF, continue thereafter for such period as may be necessary to allow for the transfer of all assets of the SIF to the successor custodian.

In its function as Custodian Bank, Pictet & Cie (Europe) S.A. shall perform the duties resulting from the Law of 2007.

By a Central Administration Agreement in relation to Registrar, Transfer, Domiciliary, Corporate, Paying and Administrative Agent Functions dated 19.10.2010, Pictet & Cie (Europe) S.A. has also been appointed as (i) Central Administration of the SIF, responsible for the provision of accounting services (in particular, carrying out the calculation of the NAV of the SIF and the drafting of the financial statements), processing subscriptions for, redemptions and conversions (if any) of, Shares, calculating issue and redemption proceeds and maintaining the records of the SIF as well as other general administrative services to the SIF, as further detailed in the relevant agreement, and (ii) Paying Agent of the SIF, responsible for, i.a., the payment of dividends and redemption proceeds (if any).

As Central Administration, Pictet & Cie (Europe) S.A. also monitors the status of Eligible Investors.

Pictet & Cie (Europe) S.A. is a société anonyme incorporated in Luxembourg on November 3rd, 1989 for an unlimited period of time. Its share capital is, at the time of the present Issue Document, CHF 50,000,000.

The central administration of the SIF, initially provided by Pictet & Cie (Europe) S.A. has been taken over by FundPartner Solutions (Europe) S.A. effective on 1st January 2012.

FundPartner Solutions (Europe) S.A. acts as Registrar and Transfer Agent, Administrative Agent, Paying Agent and Domiciliary Agent under the terms of the agreement initially concluded with Pictet & Cie (Europe) S.A. with effect on 19th October 2010 for an indefinite period, which may be terminated by either party, subject to 3 months' prior notification.

FundPartner Solutions (Europe) S.A. was incorporated as a société anonyme (limited company) under Luxembourg law for an indefinite period on 17th July 2008, under the former denomination Funds Management Company S.A. Its fully paid-up capital is CHF 6,250,000 at the date of this Prospectus.

As keeper of the register and transfer agent, FundPartner Solutions (Europe) S.A. is primarily responsible for ensuring the issue, conversion and redemption of shares and maintaining the register of shareholders of the SIF.

As administrative agent and paying agent, FundPartner Solutions (Europe) S.A. is responsible for calculating and publishing the net asset value of the shares of each Sub-Fund pursuant to the Law and the Articles of Association of the SIF and for performing administrative and accounting services for the SIF as necessary.

As domiciliary agent, FundPartner Solutions (Europe) S.A. is primarily responsible for receiving and keeping safely any and all notices, correspondence, telephonic advice or other representations and communications received for the account of the SIF, as well as for providing such other facilities as may from time to time be necessary in the course of the day-to-day administration of the SIF.

As Central Administration, Pictet & Cie (Europe) S.A. also monitors the status of Eligible Investors.

The compensation of the Custodian Bank and the Central Administration will be borne by the SIF and will be payable quarterly and in accordance with usual banking practices in Luxembourg.

10. Charges and Costs

10.1) General

The SIF shall bear all its operating costs, which will include (but are not limited to) the fees paid to the Investment Manager and Advisers, the Custodian and Central Administration as well as and all other reasonable out-of-pocket administration expenses, including legal counsel and auditors to the SIF, and any taxes, fees or other governmental charges levied against the SIF.

10.2) Management and Advisory Fee

The Management and Advisory fee will be calculated at a rate detailed for each Shareclass² on the basis of the average net assets of the Sub-Fund. The Management and Advisory Fee will be payable monthly at the end of the relevant month.

10.3) Other Costs

The SIF shall bear its incorporation expenses, including the costs of drawing up and printing this Issue Document, as same may be amended from time to time, notary public fees, the filing costs with the administrative authorities, the costs of printing confirmation of shareholding and any other costs pertaining to the setting up and launching of the SIF.

Costs and expenses which cannot be allotted to one specific Sub-Fund will be charged *pro rata* to the assets of the various Sub-Funds or allocated in such a way as the Board of Directors determines prudently and in good faith.

The SIF shall also bear all its operating costs, which will include (but are not limited to) the fees paid to the Investment Advisers, the Custodian and Central Administration as well as and all other reasonable out-of-pocket administration expenses, including legal counsel and auditors to the SIF, and any taxes, fees or other governmental charges levied against the SIF.

² Please refer to the Specific section to each Sub-Funds.

If a new Sub-Fund is later created, the formation and preliminary expenses of this Sub-Fund will be allocated among all existing Sub-Funds; it being understood that the new Sub-Fund will also be charged a prorata portion of the initial establishment expenses unamortized as of its launch date.

11. Investment Objectives and Policy

The SIF has as investment objective to offer a wide range of investments through its Sub-Funds aiming at providing a favorable return, while controlling risks. For each Sub-Fund, the investment objectives and policies and the specificities as to the offering of the Shares and the management of the Sub-Fund are set out in the Specific section to the Sub-Fund.

12. Investment Restrictions

12.1) General

The SIF is dedicated to institutional investors, professional or other sophisticated investors, experienced in judging the risks associated with investments targeted by the SIF. Consequently, only investors who are qualifying as “Eligible Investors” and willing to accept the risks and described below are permitted to subscribe.

The following rules laid out hereunder apply to each of the SIF’s Sub-Funds. Additional investment restrictions applicable to certain Sub-Funds may be described in the specific section to the Sub-Fund.

12.2) Risk Diversification

Each Sub-Fund may in principle not invest (or commit to subscribe) more than 30% of its net assets in securities of the same kind issued by the same issuer³. This risk-spreading principle may not be eluded through short selling techniques. When using short sales, the applicable limit is mentioned in the section specific to the Sub-Fund.

These restrictions shall not apply:

- a) to the investments in securities issued or guaranteed by a any state or by its territorial public communities or by supranational institutions and organizations operating with European Union and/or OECD or regional or worldwide scope;
- b) to the investments in target undertakings for collective investment (UCIs) that are subject to risk spreading requirements at least comparable to the restrictions currently applying to specialized investment funds regulated by the Law of 2007. For the purpose of applying this restriction, each compartment of a target umbrella UCI is considered as a separate issuer, provided that the principle of economic segregation of the commitments of the various compartments towards third parties is ensured.

During the initial ramp-up period (which lasts over a period of one year after the launching of a Sub-Fund), the concerned Sub-Fund might not comply with the investment restrictions above mentioned.

12.3) Financial Techniques and Derivatives Instruments

When using financial derivative instruments, the Sub-Fund must observe a comparable risk-spreading limit of no more than 30% of the Sub-Fund’s total net assets in regard of the underlying assets. Likewise, the counterparty risk encountered with an OTC transaction may not exceed 30% of the total net assets of the Sub-Fund.

Generally, the Sub-Fund must ensure that its total commitment arising from financial derivative instruments, for purposes other than hedging, does not exceed 100% of its total net assets.

³ In compliance with CSSF circular 07/309.

12.4) Securities Lending, Sales with Right of Repurchase, Repurchase and Reverse Repurchase Agreement Transactions

For the purpose of efficient portfolio management, the SIF is authorized to use the following techniques and instruments relating to transferable securities and money market instruments, in compliance with the requirements of the CSSF circular 08/356:

- a) securities lending transactions,
- b) sales with right of repurchase transactions,
- c) repurchase and reverse repurchase agreement transactions.

Each type of this transaction may not exceed 100% of the global valuation of the securities portfolio concerned. The collateral received may be reinvested as specified in the CSSF circular 08/356.

The SIF must ensure that the volume of these transactions is kept at an appropriate level in a manner that enables it, at all times, to meet its redemption obligations and that these transactions do not jeopardize the management of a Sub-Fund's assets in accordance with its investment policy.

The sections relating to the relevant Sub-Funds will expressly provide whether a Sub-Fund intends or not to make use of any techniques and instruments described below and qualifying as SFT or TRS as defined under SFTR.

12.5) Borrowings

Each Sub-Fund is authorized to effect borrowings for any purposes.

The maximum borrowing limit for each Sub-Fund will be disclosed in the specific section to the Sub-Fund.

12.6) Target Fund

Each Sub-Fund is authorized to invest in other undertakings for collective investment ("Target Funds"), such as traditional funds, funds of funds, hedge funds, funds of hedge funds as well as alternative funds i.e. funds whose main investment objective is to invest, among others, in venture capital, futures and/or other financial derivatives instruments and any types of real estate, commodities (including precious metals), private equities, etc... Hedge funds can be defined as investment funds which have, among others, the following strategies: long/short equity, market neutral, fixed income arbitrage, convertible arbitrage, distressed, event driven, global macro, credit long/short, multi-strategies, etc...

13. Risk Factors

13.1) General Remarks on Risks

The SIF actively seeks to manage the downside risks on an ongoing basis by applying qualitative and quantitative methods such as "stop losses".

Nevertheless, an investment in shares is linked to risks. These risks may include, or be exposed to, inter alia, equity and bond risks, exchange rate risk, interest rate risk, credit risk, volatility and/or illiquidity risk, capital repatriation restrictions and counterparty risk as well as political risks in the relevant markets, in particular in the emerging countries. Each of these types of risks may also occur in conjunction with other risks. Some of these risk factors are described briefly below. Potential investors must furthermore be experienced with investing in derivatives instruments used in the context of the relevant investment policy.

Investors must, moreover, be fully aware of the risks involved in acquiring Shares and ensure that they consult their legal, tax and financial adviser, auditor or other adviser in order to obtain complete information on (i) the appropriate nature of an investment in Shares, depending on their personal financial and fiscal situation and on their particular circumstances, (ii) the information contained in the present Issue Document and (iii) the investment policy of the relevant Sub-Fund (as described in the relevant Section for each Sub-Fund), before taking any investment decision.

Other than the potential for capital gains and returns that it provides, it is important to note that an investment in the Sub-Funds also involves the risk of capital loss. The Share's value is determined by fluctuations in the prices of the securities or other financial assets owned by the relevant Sub-Fund. The value of the Shares can therefore increase or decrease when compared to their initial acquisition value.

There is explicitly no guarantee that the investment policy and objectives of the Sub-Funds will be achieved.

13.2) Market Risk

The Market risk is of a general nature, affecting all types of investments. The trend in the prices of transferable securities is determined mainly by the trend in the financial markets and by the economic development of the issuers, who are themselves affected both by the overall situation of the global economy and by the economic and political conditions prevailing in their country.

13.3) Interest Rate

Investors must be aware that an investment in the Shares may be exposed to interest rate risks. These risks occur when there are fluctuations in the interest rates of the main currencies of each security or other financial assets of the Sub-Funds.

13.4) Currency Risk

The value of investments may be affected by a variation in exchange rates in the Sub-Funds (or Shareclass) where investments are possible in a currency other than the relevant Sub-Fund Reference Currency (or the Reference Currency of a given Shareclass).

13.5) Credit Risk

Investors must be fully aware that investing the SIF may involve credit risks. Bonds or debt instruments involve an issuer-related credit risk, which can be calculated using the issuer solvency rating. Bonds or debt instruments issued by entities that have a lower rating are, as a general rule, considered to be instruments that are at a higher credit risk, with a probability of the issuer defaulting, than those of issuers with a higher rating. When the issuer of bonds or debt instruments finds itself in financial or economic difficulty, the value of the bonds or debt instruments (which may fall to zero) and the payments made for these bonds or debt instruments (which may fall to zero) may be affected.

13.6) Risk of Default

In parallel to the general trends prevailing on the financial markets, the particular changes in the circumstances of each issuer may have an effect on the price of an investment. Even a careful selection of securities or other financial assets cannot exclude the risk of losses generated by the depreciation of the issuers' situation.

13.7) Liquidity Risk

Liquidity risks arise when a particular instrument is difficult to sell. Some securities or other financial assets that the SIF may invest in, may be difficult to sell within the desired timescale, during certain periods or in specific stock market segments. Finally, there is a risk that stock market securities traded in a narrow market segment are subject to high price volatility.

13.8) Counterparty Risk

When OTC contracts are entered into, the SIF may find itself exposed to risks arising from the creditworthiness of its counterparties and from their capacity to respect the conditions of these contracts. The SIF may thus enter into futures, option and exchange rate contracts, or use other derivative techniques (such as swaps agreements), each of which involves a risk for the SIF of the counterparty failing to respect its commitments under the terms of each contract.

13.9) Risk Arising from Investments in Emerging Markets

Payment suspensions and default in developing countries are due to various factors, such as political instability, bad financial management, a lack of currency reserves, capital leaving the

country, internal conflicts or the lack of the political will to continue servicing the previously contracted debt.

The ability of issuers in the private sector to face their obligations may also be affected by these same factors. Furthermore, these issuers suffer the effect of decrees, laws and regulations introduced by the government authorities. These may be the modification of exchange controls and amendments to the legal and regulatory system, expropriations and nationalizations and the introduction of, or increase in, taxes, such as deduction at source.

Uncertainty due to an unclear legal environment or to the inability to establish firm ownership rights constitute other decisive factors. Added to this are the lack of reliable sources of information in these countries, the non-compliance of accounting methods with international standards and the lack of financial or commercial controls.

In particular, investors' attention is drawn to the fact that, at present, investments in Russia are subject to increased risk as regards the ownership and custody of transferable securities: market practice for the custody of bonds is such that these bonds are deposited with Russian institutions that do not always have adequate insurance to cover risk of loss arising from the theft, destruction or disappearance of instruments held in custody.

13.10) Risks Arising from the Use of Derivatives

A Sub-Fund may use exchange traded, and OTC derivatives, such as options, futures, swaps, credit default swaps, property index swaps, structured products, and other such derivative or hybrid instruments as part of its investment policy. Losses on certain derivative transactions are potentially unlimited. Financial derivatives instruments prices can be volatile, market movements are difficult to predict, and financing sources and related interest rates are subject to rapid change. Markets may move against the financial derivatives instruments positions held, thereby causing losses to Shareholders. Many of these instruments are not traded on exchanges, but rather through an informal network of banks and dealers. As a consequence, liquidity cannot be guaranteed in these products, and it may also be difficult to achieve regular and precise third party valuations of these instruments. In addition, some financial derivatives instruments carry the additional risk of failure to perform by the counterparty to the transaction. Many unforeseeable events, such as government policies can have profound effects on interest, and exchange rates, which in turn can have large and unexpected effects on the prices of derivative instruments.

13.11) Leverage

Leverage occurs through the use of various financial instruments or borrowed capital, such as margin, to increase the potential return of an investment. The higher the leverage effect, the greater the variation in the capital committed in the event of fluctuation in the price of the underlying investment. The potential and the risks of investments thus increase in parallel with the increase of the leverage effect. Finally, there can be no assurance that the objective sought to be attained from the use of leverage will be achieved.

13.12) Credit Default System

A Sub-Fund may conduct credit default swaps. A credit default swap is a bilateral financial agreement under which a counterparty (the "protection buyer") pays a premium against an undertaking by the "protection seller" to pay a certain amount if the reference issuer is the subject of a credit risk stipulated in the contract. The protection buyer acquires the right to sell a particular bond issued by the reference issuer at its face value (or at another base value or strike price) if a credit risk arises. A credit risk generally includes bankruptcy, insolvency court-ordered reorganization/liquidation, rescheduling of debts or non-payment of debts payable.

13.13) Precious Metals

Precious metals, like all investments, carry risk. Precious metals and coins may appreciate, depreciate, or stay the same in value depending on a variety of factors that are not correlated to other asset classes.

13. 14) Projections and Forecasts

When considering any forecasts and projections contained in this document, investors need to be conscious that the same are based on analyses. Even though the projections have been compared, and are generally considered consistent, they necessarily incorporate an element of subjectivity, and no certainty can be given that said projections will be correct.

14. Subscription of Shares and Rights of Shareholders

The SIF may issue at any time Shares of no par value within any Sub-Fund. Shares of any Sub-Fund are dedicated to Eligible Investors.

Shares may be issued in registered form or as bearer shares. Registered shares may be converted into bearer shares and vice versa at the request and expense of the Shareholder.

Registered shares are issued by inscription in the SIF's Shareholders' register. The Shareholders' register is kept in Luxembourg by the Central Administration and no certificates will be issued; Shareholders will only receive a confirmation of registration in the SIF's Shareholders' register. Shares shall be fully paid upon issue.

Within each Shareclass pertaining to a Sub-Fund, the Board of Directors may also decide to create two or more Classes of Shares whose assets will generally be invested in accordance with the specific investment policy of the class in question. However, the Classes may differ in terms of their specific subscription and/or redemption fee structures, specific exchange rate hedging policies, specific distribution policies, currencies into which Shares are denominated and/or specific management or advisory fees, or other specific features applicable to each Class. When necessary, this information is specified in the Section to the present Issue Document.

Fractions of Shares may be issued up to 5 decimals. Fractions of Shares do not have voting rights.

The Shares of each Sub-Fund will be entitled to participate equally as to profits, dividends, if any, and any liquidation proceeds (taking into account, as the case may be, the respective net asset value of the Shares in the case of issue of several Classes of Shares within a given Sub-Fund). The Shares have no mention of value and bear no preference right or right of pre-emption.

Each Share of any Sub-Fund will have the right to one vote on all matters coming before general meetings of Shareholders. Rights conferred on fractional Shares shall be exercised pro rata of the fraction held by the holder of the Share, except for voting rights, which can only be exercised for whole Shares.

15. Application for Subscriptions, Redemptions and Conversions of Shares

Subscription, redemption and conversion orders in each Sub-Fund in operation shall be sent directly to the Central Administration in its function of Registrar and Transfer Agent by facsimile transmission or other means approved by the Registrar and Transfer Agent.

Subscriptions, redemptions and conversions orders will be executed in accordance with the provisions of the Articles and the provisions laid down hereinafter and in the Specific section to the Sub-Fund.

The SIF does not permit practices related to Market Timing or Late Trading. The SIF reserves the right to reject subscription, redemption and conversion orders from an investor who the SIF suspects of using such practices and may take the necessary measures to protect the other investors of the SIF.

Any request for subscription, redemption or conversion will be irrevocable except in the event of a suspension (see 18. 2) of the calculation of the NAV, in which case Shareholders may give notice that they wish to withdraw their application. If no such notice is received by the SIF, such application will be dealt with on the first Calculation Day, as determined for each relevant Sub-Fund, following the end of the period of suspension.

15.1) Subscription

All subscriptions will be handled on the basis of an unknown NAV, increased by a sales charge, if any, as further detailed in the Specific section to the Sub-Fund. Confirmation of registration will be mailed at the risk of the Shareholder, to the address indicated in the application.

The SIF may reject any application in whole or in part, in which case subscription monies paid, as appropriate, will be returned to the applicant within the time period mentioned in the Specific section to the Sub-Fund.

Shares are exclusively restricted to investors who qualify as Eligible Investors. The SIF may then refuse any application for subscription of Shares when the applicant does not qualify as such or does not provide sufficient evidence of such qualification. Furthermore, in case of refusal by an investor to provide suitable anti money-laundering materials satisfactory to the Central Administration, the SIF will not accept the application for subscription of Shares.

Subscription forms from non-FATF⁴ residents will only be accepted once the signed subscription form and other applicable identification documents have been received and approved by the Transfer Agent.

Subject to applicable law and to the preparation of an audited report drawn up by the Auditor of the SIF, the Board of Directors may, at its discretion, agree to issue Shares as consideration for a contribution in kind of securities or other assets provided that such securities or assets comply with the investment objective and policy of the Sub-Fund. The Board of Directors will only exercise its discretion if: (i) the relevant Shareholder consents thereto; and (ii) the transfer would not adversely affect the other Shareholders. Any costs incurred in connection with a contribution in kind of other securities or assets shall be borne by the relevant Shareholder.

15.2) Redemption

Unless otherwise provided in the Specific section to the Sub-Fund, any Shareholder of any Sub-Fund is entitled to request the redemption of its Shares by the SIF, on the basis of an unknown NAV decreased by a redemption charge, if any, as further detailed in the Specific section to the Sub-Fund.

Subject to applicable law and to the preparation of an audited report drawn up by the Auditor of the SIF, the Board of Directors may, at its discretion, pay the redemption price to the relevant Shareholder by means of a contribution in kind of securities and other assets of the relevant Sub-Fund up to the value of the redemption amount. The Board of Directors will only exercise this discretion if: (i) the relevant Shareholder consents thereto; and (ii) the transfer would not adversely affect the remaining Shareholders. Any costs incurred in connection with a redemption in kind of securities or other assets shall be borne by the relevant Shareholder.

If the SIF becomes aware that a Shareholder holding Shares does not meet or has ceased to meet the requirement of an Eligible Investor or holds such Shares for the account of a person who does not qualify as an Eligible Investor, or is holding Shares in breach of any applicable laws or regulations or otherwise in circumstances which may be detrimental to the SIF, the SIF may compulsorily redeem such Shares, in accordance with the provisions of the Articles.

The Board of Directors reserves the right not to accept instructions to redeem or convert on any one Calculation Day more than 10% of the total value of Shares in issue of any Sub-Fund. In these circumstances, the Directors may declare that the execution of the portion exceeding 10% will be deferred until the next Calculation Day and will be valued at the Net Asset Value per Share prevailing on that the relevant Pricing Day. On such Calculation Day, deferred requests will be dealt with in priority to later requests and in the order that requests were initially received by the Registrar and Transfer Agent.

The Company reserves the right to extend the period of payment of redemption proceeds to such period, not exceeding thirty Business Days, as shall be necessary to repatriate proceeds of the sale of investments in the event of impediments due to exchange control regulations or similar constraints in the markets in which a substantial part of the assets of the Company are invested or

⁴ Financial Action Task Force.

in exceptional circumstances where the liquidity of the Company is not sufficient to meet the redemption requests.

15.3) Conversion

Unless otherwise provided for in the Specific section to the Sub-Fund, any Shareholder of any Sub-Fund (or a Shareclass) is entitled to request the conversion of the Shares he holds in a Sub-Fund into Shares of another Sub-Fund (or a Shareclass), as further set out in the Specific section to the Sub-Fund.

15.4) Transfer of Shares

Unless otherwise provided for in the relevant Section, a Shareholder may transfer Shares to one or more other persons, provided that all Shares have been paid in full with cleared funds and each transferee meets the qualifications of an investor in the relevant Sub-Fund; it being understood that any transferee under any transfer of Shares must qualify as an Eligible Investor and must have provided suitable anti money-laundering materials satisfactory to the Central Administration. The SIF will not give effect to any transfer of Shares to any investor who may not be considered as an Eligible Investor and who has not provided suitable anti-money laundering materials satisfactory to the Central Administration Agent.

In order to transfer Shares, the Shareholder must notify the Central Administration of the proposed date and the number of Shares to be transferred. The Central Administration will only recognize a transfer with a future date. In addition, each transferee must complete an application form.

Notifications and completed application forms above should be sent to:

Pictet & Cie (Europe) S.A.
15A, avenue J-F Kennedy
L-1855 Luxembourg
Luxembourg

The Central Administration may request a transferee to provide additional information to substantiate any representation made by the transferee in its application. The Central Administration will not effectuate any transfer until it is satisfied with the form of notice and has accepted each transferee's subscription application.

15.5) Limited Issue

The SIF may, at any time and at its discretion, temporarily discontinue, permanently cease or limit the issue of Shares in one or more Sub-Funds to natural or legal entities resident or domiciled in certain countries or territories. It may also prohibit them from acquiring Shares if such a measure is deemed necessary to protect all Shareholders and the SIF.

Moreover, the SIF has the right to:

- reject any application to subscribe for Shares at its discretion;
- redeem Shares acquired in breach of an exclusion measure at any time.

16. Anti- Money Laundering Procedures

Pursuant to the Luxembourg law of February 19th, 1973, as amended, to combat drug addiction, the law of April 5th, 1993, as amended, relating to the financial sector, the law of November 12th, 2004 relating to money laundering and to the circular of the supervisory authority IML 05/211, obligations have been imposed on professionals of the financial sector to prevent the use of investment funds such as the Company for money-laundering purposes. Within this context an obligatory procedure for the identification of Investors has been developed. Accordingly, the subscription application from an Investor must be accompanied, in the case of individuals, by, inter alia, a copy of the passport or identification card and/or in the case of legal entities, a copy of the statutes and an extract from the commercial register with an indication of the beneficial owners and authorized signatories (any such copy must be certified to be a true copy by one of the following authorities: ambassador, consulate, notary, local police). Such information shall be

collected for verification purposes only and shall be covered by the banking and professional secrecy imposed on the Custodian and Central Administration Agent.

Such identification procedure may be waived by the Registrar and Transfer Agent in the following circumstances:

- a) in the case of subscription through an intermediary resident in a country which imposes an identification obligation equivalent to that required under Luxembourg law for the prevention of money laundering;
- b) in the case of subscription through an intermediary whose parent is subject to an identification obligation equivalent to that required by Luxembourg law and where the law applicable to the parent imposes an equivalent obligation on its subsidiaries or branches.

It is generally accepted that professionals of the financial sector resident in a country which has ratified the conclusions of the Financial Action Task Force (FATF) report on money laundering are deemed to have an identification obligation equivalent to that required by Luxembourg law.

The absence of documents required for identification purposes may lead to the suspension of a request for subscription and/or redemption.

17. Distribution Policy

17.1) The Law of 2007 General Provisions

Further to the Law of 2007, a SIF may distribute its net assets, except if as a result thereof, the net assets of the SIF would fall below the minimum capital of the SIF. Each year, the general meeting of Shareholders shall decide on the proposals of the Board of Directors in this matter.

If the Board of Directors decides to propose the payment of a dividend to the general meeting of Shareholders, such dividend shall be calculated according to the legal and statutory limits provided to this effect. In addition to the aforementioned distributions, the Board of Directors may decide to pay interim dividend with regard to each Sub-Fund within the conditions and limits laid down by the Law of 2007.

Payments to Shareholders, if any, will be made, according to their instructions, by transfer in the Reference Currency of the relevant Sub-Fund (or Shareclass), or in any currency specified by the Shareholder in which case any currency conversion costs shall be borne by the Shareholder.

Dividends remaining unclaimed five years after their declaration will be forfeited and will revert to the Sub-Fund concerned.

17.2) Dividend Policy: Accumulation

Unless otherwise provided for in the Section with regard to a specific Sub-Fund (or Shareclass), it is not the intention of the Board of Directors to distribute any dividend in any Sub-Fund, taking into consideration the objective of capitalization of the SIF.

18. Net Asset Value

18.1) Calculation

The NAV per Share of each Sub-Fund will be determined by the Central Administration, under the responsibility of the Board of Directors, as of each Pricing Day, as further detailed in the Specific section to the Sub-Fund, by dividing the net assets of the SIF attributable to the relevant Sub-Fund, being the value of the assets of the SIF attributable to such Sub-Fund, less the value of the liabilities attributable thereto, on any Pricing Day, by the number of Shares of the relevant Sub-Fund outstanding in accordance with the valuation rules set forth below. (In the case of issue of Shares pertaining to various Classes of Shares within a Sub-Fund, the same principle shall apply to the calculation of the NAV of Shares within a Sub-Fund).

The net asset value will be calculated and rounded to two decimal numbers.

If since the time of determination of the NAV there has been a material change in the quotations in the markets on which a substantial portion of the investments attributable to the relevant Sub-Fund are dealt in or are quoted, the SIF may, in order to safeguard the interests of the

Shareholders and the SIF, cancel the first valuation and carry out a second valuation for all applications received on the relevant Pricing Day.

The valuation of assets of each compartment will be conducted as follows:

- a) the values listed on a stock exchange or another regulated market are valued at the last known price unless that price is not representative.
- b) securities not admitted to such stock exchange or on such a regulated market as well as securities that are so admitted but the final price of which is not representative, are valued based on the probable realization value estimated prudently and in good faith.
- c) the value of the liquid asset, bills or notes payable on demand and accounts receivable, prepaid expenditures, dividends and interest announced or come to maturity not yet affected, will be constituted by the nominal value of these assets, except if it is unlikely that this value could be obtained. In the latter case, the value will be determined by subtracting a certain amount that the Board of Directors deems appropriate to reflect the real value of these assets.
- d) money market instruments are valued at their nominal value plus any eventually accrued interest or according to the amortized cost method.
- e) for each Sub-Fund, the values expressed in a currency different from the currency of that Sub-Fund will be converted into the Sub-Fund's reference currency at the applicable exchange rate.
- f) the shares / units issued by open ended undertakings for collective investment will be valued based on:
 - the last known net asset value issued by the central administration or on
 - the basis of the estimated value that is closest to the Pricing Day.
- g) the value of the companies that are not listed on a stock exchange or regulated market will be determined based on a valuation method proposed in good faith by the Board of Directors based on:
 - the latest available audited annual accounts and/or on
 - the basis of recent events that may have an impact on the value of such security and/or
 - any other available assessment.

The choice of method and support for assessment will depend on the relevance of available data. The estimated value may be corrected by periodic unaudited accounts, if available. If the Board of Directors believes that the resulting price is not representative of the likely realizable value of such a security, the value shall be determined prudently and in good faith based on the probable sale price.

- h) futures (and forward contracts) and option contracts that are not traded on a regulated market or a stock exchange will be valued at their liquidation value determined in accordance with rules established in good faith by the Board Directors, according to uniform criteria for each type of contract.

The value of futures and option contracts traded on a regulated market or stock exchange will be based on the closing or settlement published by the regulated market or stock exchange which is normally the principal place of negotiation for such contracts. If a future or options contract could not be liquidated on the relevant Pricing Day, the criteria for determining the liquidation value of such futures contract or option contract be determined by the Board of Directors may deem fair and reasonable.

- i) future cash flows expected to be collected and paid by the Sub-Fund under swap contracts will be valued at present value.
- j) where the Board considers it necessary, it may seek the assistance of an evaluation

committee whose task will be the prudent estimation of certain assets' values in good faith.

The Board of Directors is authorized to adopt other appropriate valuation principles for the SIF's assets where the determination of values according to the criteria specified above is not possible or appropriate.

In the absence of bad faith or manifest error, the assessment made by the Central Administration shall be considered final and binding with respect to the SIF and its Shareholders.

In the event of high levels of subscription or redemption applications, the Board of Directors may calculate the value of the shares based on prices in the stock exchange or market trading session during which it was able to carry out the necessary purchases or sales of securities for the Sub-Fund. In such cases, a single method of calculation will be applied to all subscription or redemption applications received at the same time.

The Board of Directors reserves the right not to accept instructions to redeem or convert on any one Calculation Day more than 10% of the total value of Shares in issue of any Sub-Fund. In these circumstances, the Directors may declare that the execution of the portion exceeding 10% will be deferred until the next Calculation Day and will be valued at the Net Asset Value per Share prevailing on that the relevant Pricing Day. On such Calculation Day, deferred requests will be dealt with in priority to later requests and in the order that requests were initially received by the Registrar and Transfer Agent.

The Company reserves the right to extend the period of payment of redemption proceeds to such period, not exceeding thirty Business Days, as shall be necessary to repatriate proceeds of the sale of investments in the event of impediments due to exchange control regulations or similar constraints in the markets in which a substantial part of the assets of the Company are invested or in exceptional circumstances where the liquidity of the Company is not sufficient to meet the redemption requests.

For some Sub-Funds, in the interests of Shareholders and to the extent deemed appropriate by the Board of Directors, taking into account market conditions and / or the level of subscriptions and redemptions in a given Sub-Fund in relation to the size of that Sub-Fund, the net asset value of the Sub-Fund may be (i) calculated on the basis of the offer or redemption prices of shares in its portfolio and / or adjusted for appropriate sales commission and dealing costs or (ii) adjusted to take into account the impact resulting from the difference between the dealing price and the valuation of the investments or disinvestments, and / or sales commissions and / or dealing fees incurred.

The attention of the investor is drawn to the fact that the valuation of the assets of a Sub-Fund is based on information (including, without limitation, position reports, confirmations statements, information from the Investment Advisers) which is available at the time of such valuation. Except in case of manifest error, the valuation is conclusive and no adjustments will be made.

18.2) Suspension

The calculation of the net asset value per share, as well as the issue, redemption and conversion of the shares of one or more Sub-Funds may be suspended by the Board of Directors in the following instances:

When one or more stock exchanges or markets on which a significant percentage of the Sub-Fund's assets are valued or one or more foreign exchange markets, in the currencies in which the net asset value of shares is expressed or in which a substantial portion of the Sub-Fund's assets is held, are closed, for a reason other than for normal holidays or if dealings on them are suspended, restricted or subject to major fluctuations in the short term;

When, as a result of political, economic, military, monetary or social events, strikes or any other cases of *force majeure* outside the responsibility and control of the SIF, the disposal of the Sub-Fund's assets is not reasonably or normally practicable without being seriously detrimental to Shareholders' interests;

When there is a breakdown in the normal means of communication used to calculate the value of an asset in the Sub-Fund or if, for whatever reason, the value of an asset in the Sub-Fund cannot be calculated as promptly or as accurately as required;

When, as a result of currency restrictions or restrictions on movement of capital, transactions for the Sub-Fund are rendered impracticable, or purchases or sales of the Sub-Fund's assets cannot be carried out at normal rates of exchange;

Following the occurrence of an event entailing the liquidation of the SIF or one of its Sub-Funds.

Shareholders having made an application for subscription, redemption and conversion of Shares in the Sub-Fund(s) for which the calculation of the NAV has been suspended will be informed of any such suspension at the time of the filing of their written request for such subscription, redemption or conversion or as soon as possible thereafter.

Such suspension as to any Sub-Fund will have no effect on the calculation of the NAV per Share of any other Sub-Fund, unless these Sub-Funds are also affected.

19. Taxation

19.1) Taxation of Shareholders

Under current law and practice in Luxembourg, Shareholders of the SIF are not liable to Luxembourg income tax, capital gains tax, wealth tax, gift or inheritance tax, except Shareholders who are resident or domiciled in Luxembourg or have a permanent establishment in Luxembourg or for some Shareholders who previously were resident taxpayers in Luxembourg and held more than 10% of the Shares of the SIF.

The tax consequences for prospective investors of purchasing, subscribing, acquiring, holding, selling, redeeming or disposing of Shares of the SIF will depend on the relevant laws of any jurisdiction to which the investor is subject. Shareholders and prospective investors should seek independent professional advice regarding relevant tax laws, as well as to any relevant exchange control or other laws and regulations. Taxation laws and the level of tax relating to the SIF and to Shareholders may change from time to time.

19.2) Taxation of the SIF

Under current law and practice, the SIF is not liable to any Luxembourg income tax, capital gains tax or wealth tax, nor are dividends (if any) paid by the SIF liable to any Luxembourg withholding tax. The SIF is liable in Luxembourg to a subscription tax ("taxe d'abonnement") of 0.01% per annum of its net assets attributable to the Shares of each Sub-Fund. Such tax is payable quarterly and calculated on the NAV of the relevant Sub-Fund at the end of the relevant quarter. No stamp duty or other tax is payable in Luxembourg on the issue of Shares in the SIF, except a once and for all fixed capital duty of EUR 1,250 which was paid upon the SIF's incorporation.

Dividends and interest on securities issued in other countries (including those issued by target funds) may be subject to withholding taxes imposed by such countries.

19.3) Status under the US Foreign Account Tax Compliance Act

The US Foreign Account Tax Compliance Act ("FATCA") aims at preventing US tax evasion by requiring foreign (non-US) financial institutions to report to the US Internal Revenue Service information on financial accounts held outside the United States by US investors. US securities held by a non-US financial institution that does not comply with the FATCA reporting regime will be subject to a US tax withholding of 30% on gross sales proceeds and income, commencing on 1 July 2014.

Luxembourg has entered into a Model I Intergovernmental Agreement (the "IGA") with the US on 28 March 2014. Under the terms of the IGA, the Fund will be obliged to comply with the provisions of FATCA under the terms of the IGA and under the terms of Luxembourg legislation implementing the IGA (the "Luxembourg IGA Legislation"). Under the IGA, Luxembourg-resident financial institutions that comply with the requirements of the Luxembourg IGA Legislation will be treated as compliant with FATCA and, as a result, will not be subject to withholding tax under FATCA ("FATCA Withholding").

The Fund is classified as a foreign financial institution and is therefore required to comply with FATCA under said rules and in accordance with FATCA. In this context, the Fund will collect and report information aiming to identify its direct and indirect shareholders qualifying as

“Specified US Persons” for FATCA purposes ("FATCA reportable accounts"). Therefore and in order to comply with FATCA, the Fund may require all shareholders to provide documentary evidence of their tax residence and all other information deemed necessary to comply with the above mentioned legislation.

Any information on FATCA reportable accounts provided to the Fund will be transmitted to the Luxembourg tax authorities, which will exchange that information on an automatic basis with the tax authorities of the United States of America.

The Fund may impose measures and/or restrictions to that effect, which may include the rejection of subscription orders or the compulsory redemption of Shares, as further detailed in this Prospectus and in the Articles, and/or the withholding of the 30% tax from payments to the account of any shareholder found to qualify as a “recalcitrant account” or “non-participating foreign financial institution” under FATCA. Prospective investors should (i) consult their own tax advisors regarding the impact of FATCA further to an investment in the Fund and (ii) be advised that although the Fund will attempt to comply with all FATCA obligations, no assurance can be given that it will be able to satisfy the such obligations and therefore to avoid FATCA Withholding.).

19.4) CRS Status

The Common Reporting Standard ("CRS") has been developed by the OECD, to address the issue of offshore tax evasion on a global basis. CRS has been implemented by the Directive 2014/107/EU on the mandatory automatic exchange of tax information adopted on 9 December 2014.

In Luxembourg, CRS was enacted by the law of 18 December 2015 on the automatic exchange of financial account information in the field of taxation (the "CRS Law") and is applicable as from 1 January 2016.

The CRS Law requires Luxembourg financial institutions to identify financial assets holders and establish if they are fiscally resident in an EU Member State other than Luxembourg or in a country with which Luxembourg has a tax information sharing agreement.

Accordingly, the Fund will require its shareholders to provide information in relation to the identity and fiscal residence of financial account holders in order to ascertain their CRS status and tax residence.

The Fund will then report information regarding a shareholder and his/her/its account holding in the Fund to the Luxembourg tax authorities, if such account is deemed a CRS reportable account under the CRS Law. The Luxembourg tax authorities will thereafter automatically transfer this information to the competent foreign tax authorities on a yearly basis.

19.5) Fiscal Year

The SIF's fiscal year will end on December 31st of each year. The first fiscal year ended December 31st, 2011.

20. Annual Audited Financial Reports

The SIF produces an annual report, containing a summary of each Sub-Fund's holdings and their market values, within four months of the date to which such holdings are calculated.

The annual audited financial report of the SIF will include separate information on each of the Sub-Funds expressed in their respective Reference Currency and consolidated accounts for the SIF will be expressed in the Reference Currency of the SIF for the annual report.

21. Shareholders' Meetings

The annual general meeting of Shareholders will be held at 14:00 (Luxembourg time) in Luxembourg on the second Monday of the month of June of each year. Extraordinary

Shareholders' meetings or general meetings of Shareholders of any Sub-Fund may be held at such time and place as indicated in the notice to convene. Notices of such meetings shall be provided to the Shareholders in accordance with Luxembourg law.

The investors' attention is drawn upon the fact that any investor will only be able to fully exercise his investor rights directly against the SIF, notably the right to participate in general shareholders' meetings if the investor is registered himself and in his own name in the shareholders' register. In cases where an investor invests in the SIF through an intermediary investing into the SIF in his own name but on behalf of the investor, it may not always be possible for the investor to exercise certain shareholder rights. Investors are advised to take advice on their rights.

22. Liquidation of the SIF or One or More Sub-Funds

The SIF as well as one or more Sub-Funds may be liquidated under the conditions set out in the Articles and, for each Sub-Fund, as may be further detailed in the Section.

22.1) Merger of One or More Sub-Funds

The SIF as well as one or more Sub-Funds may be merged under the conditions set out in the Articles and, for each Sub-Fund, as may be further detailed in the Section.

22.2) Shareholders' Information

The NAV, the subscription price and the redemption price for the Shares will be available at any time during business hours at the SIF's registered office.

Any amendments to the Articles will be published in the *Recueil Electronique des Sociétés et Associations (RESA)*.

Notices to the Shareholders will be sent by registered mail to the Shareholders.

The following documents may be consulted at the registered office of the SIF:

- a) the Issue Document of the SIF;
- b) the subscription form of the SIF;
- c) a copy of the Articles;
- d) the agreement between the Custodian Bank and the SIF;
- e) the Investment Advisory Agreements between the Investment Advisers and the SIF;
- f) the annual audited financial report of the SIF.

A copy of the Issue Document, the most recent financial statements and the Articles may be obtained free of charge upon request at the registered office of the SIF.

23. HOTEP – Global Flexible

23.1) General

The following relates to the Shares issued by the Sub-Fund “HOTEP – Global Flexible” and identified as:

Name / ISIN	A CAP EUR ISIN LU0553279554	B CAP EUR ISIN LU0966714668	C CAP EUR ISIN LU1145122815
Minimum initial subscription	With an initial minimum subscription amount of EUR 1Mio.	none	With an initial minimum subscription amount of EUR 2,5Mio
Management and Advisory Fee:	0,9% p.a.	1,3% p.a.	0,65% p.a.
	The remuneration of the Investment Manager and the Investment Advisors (“Management and Advisory Fee”) will be calculated based on the average net assets of the Sub-Fund. The Management and Advisory Fee will be payable quarterly at the end of the relevant quarter.		

23.2) Profile of the Typical Investor

This Sub-Fund is a vehicle aiming to provide capital growth. It may be suitable for investors who are seeking long term growth potential offered through an exposure to equities and debt securities. It requires an investment horizon of at least 5 years.

23.3) Investment Objective / Strategy

The SIF seeks to provide long-term capital growth, primarily by focusing on long-short global balanced investment strategies.

The Sub-Fund will thus mainly be exposed to

- equity and equity related securities such as but not limited to ordinary or preferred shares and convertible bonds issued by companies worldwide (which for the avoidance of doubt, may also belong to emerging markets);
- debt securities of any type (governments, local or supranational authorities or any corporate debt, as well as high yield bonds) and money market instruments...

In order to achieve its objective, the Sub-Fund will mainly invest:

- directly in the securities/asset classes mentioned in the previous paragraph; and/or
- via Target Funds, (as defined in the main body of the Issue Document), and/or
- in any transferable securities (such as structured products, as described below) linked (or offering an exposure) to the performance of the above-mentioned asset classes

The portfolio will be made up of a diversified selection of securities considered as offering the greatest potential for profitability, which is key in the Sub-Fund’s long term investment philosophy. Investment risk will be spread; however there will apply no restrictions as to specific currency, sector or regional weights. Depending on financial market conditions, a particular focus can be placed in a single currency and/or a single country (including an emerging country) and/or in a single economic sector. Exposure to emerging markets may not represent more than 30% of the net assets. These countries currently include, but are not limited to, the following:

Argentina	Czech Republic	Malaysia	Singapore
Brazil	Hong Kong	Mexico	Slovakia
Chile	Hungary	Philippines	South Africa
China	India	Poland	South Korea
Colombia	Indonesia	Romania	Taiwan
Croatia	Israel	Russia	Thailand

Turkey

Ukraine

The Sub-Fund can also invest in any other type of assets permitted by the Law of 2007, such as but not limited to all types of deposits, undertakings for collective investment, financial derivative instruments and structured products.

The Sub-Fund may also invest in structured products, such as but not limited to notes, certificates or any other transferable securities whose returns are correlated with changes in, among others, an index (including indexes on volatility, commodities, precious metals, etc), currencies, exchange rates, transferable securities or a basket of transferable securities, commodities (only with cash settlement), precious metals or an undertaking for collective investment. Those investments may not be used to elude the investment policy of the Sub-Fund.

For hedging and for any other purposes, the Sub-Fund may use all types of financial derivative instruments traded on a regulated market and/or over the counter (OTC), provided they are contracted with leading financial institutions specialized in this type of transactions. In particular, the Sub-Fund may take exposure through any financial derivative instruments such as but not limited to warrants, futures, options and forwards on any underlying in line with the investment policy of the Sub-Fund, including, but not limited to, commodities (only cash settled) and precious metals, currencies (including non-delivery forwards), interest rates, transferable securities, basket of transferable securities, indexes (including but not limited to commodities, precious metals or volatility indexes), undertakings for collective investment.

The Sub-Fund will not make use of SFT or TRS under SFTR.

23.4) Risk Factors

The Sub-Fund is subject to the specific risks linked to investments in equity securities and collective investment schemes as well as to market volatility linked to the investment in derivative instruments and warrants. The Sub-Fund may invest in securities of emerging markets, it may further be subject to risks related to such type of investments. As the Sub-Fund may invest in other undertakings for collective investment investors may be exposed to a duplication or triplication of management fees.

For full details of the risks applicable to investing in this Sub-Fund, investors are advised to refer to section "13. Risk Factors".

23.5) Dividend Policy

This Sub-Fund pursues a policy of achieving capital growth and reinvests income earned; as a result, no dividend shall be paid out. However, the Directors reserve their right to revise this policy at their discretion.

23.6) Peculiarities Relating to the Investment Policy

In addition to the investment restrictions described in the main part of the present Issue Document, the following will be observed with regard to the Sub-Fund:

- the Sub-Fund is authorized to effect borrowings on a permanent basis and for any purposes, up to 20% of its net assets.
- the Sub-Fund may ensure that its total commitments arising from financial derivative instruments, for purposes other than hedging, does not exceed 20% of its net assets.
- when considered by the Board to be necessary to protect the interests of the Shareholders, the Sub-Fund may adopt a defensive allocation and may hold up to a maximum of 100% of its net assets in liquidities, such as deposits, money market funds and money market instruments.

The Sub-Fund may:

- not invest directly in commodities (except precious metals as described below). For the avoidance of doubt, each Sub-Fund can have an indirect exposure to commodities via instruments dealt in on an organized regulated market or on over-the-counter (OTC), such as but not limited to financial derivative instruments, certificates;
- not invest in Mortgage Backed or Asset Backed Securities;

- not engage in short selling;
- invest directly in precious metals provided that physical detention of such investment does not exceed 20% of the Sub-Fund net assets. Indirect investments will not be taken into account for this limit.
- As a result of its investment policy and a mean of achieving its objective, the Sub-Fund may (i) resort to cash borrowing, (ii) use financial derivatives for hedging and/or exposure purposes, and (iii) invest in instruments embedding derivatives; all of which may generate leverage.

As of the date of this issue document, the maximum level of leverage permitted in respect of the Sub-Fund is 240% of its Net Asset Value under the gross method (as defined in the Alternative Investment Fund Managers regulation).

23.7) Reference Currency of the Sub-Fund

The Reference Currency of the Sub-Fund is Euro (EUR).

23.8) Subscription, Redemption, Conversion and Transfer

a) Subscriptions

Shares of the Sub-Fund will be issued at a price corresponding to the NAV per Share of the Sub-Fund on the relevant Calculation Day.

Applications for subscriptions received by the SIF, respectively the Central Administration, before 16:00 at least two Business Days preceding a Pricing Day will be dealt with on the basis of the relevant NAV determined as of the relating Calculation Day. Subscription requests received after these times and dates will be taken into account on the next following Calculation Day.

All payments due pursuant to the foregoing must be received by bank transfer, payable to the Custodian Bank, on the account of the Sub-Fund no later in principle than three Business Days following the relevant Calculation Day; it being understood that the Board of Directors, at its discretion, reserves the right to cancel any subscription which remains unpaid by this deadline.

If the Board of Directors rejects any application in whole or in part, the subscription monies paid, as appropriate, will be returned to the relevant investor within than three Business Days following the relevant Calculation Day.

Shares may be available in the Reference Currency of the Sub-Fund or in any other freely convertible currency in which case the investor shall pay the cost of any currency conversion and the rate of such conversion will be that of the relevant Calculation Day.

Subject to applicable law and to the preparation of an audited report drawn up by the Auditor of the SIF, the Board of Directors may, at its discretion, agree to issue Shares as consideration for a contribution in kind of securities or other assets provided that such securities or assets comply with the investment objective and policy of the Sub-Fund. The Board of Directors will only exercise its discretion if: (i) the relevant Shareholder consents thereto; and (ii) the transfer would not adversely affect the other Shareholders. Any costs incurred in connection with a contribution in kind of other securities or assets shall be borne by the relevant Shareholder.

b) Redemptions

The redemption price will be the NAV per Share in the Sub-Fund established as of the relevant Pricing Day. Shares redeemed by the SIF on behalf of the Sub-Fund shall be cancelled.

Applications for redemption received by the SIF, respectively the Central Administration, by at latest 16:00 at least two Business Days preceding a Pricing Day and will be dealt with on the basis of the relevant NAV determined on the related Calculation Day. Redemption requests received after these times and dates will be taken into account on the next following Calculation Day.

All payments due pursuant to the foregoing will be paid in principle no later than three Business Days following the relevant Calculation Day.

Redemption proceeds will be paid in the Reference Currency of the Sub-Fund, or in any other freely convertible currency specified by the relevant Shareholder in the redemption request, in which case any related conversion charges will be borne by the Shareholder.

Subject to applicable law and to the preparation of an audited report drawn up by the Auditor of the SIF, the Board of Directors may, at its discretion, pay the redemption price to the relevant Shareholder by means of a contribution in kind of securities and other assets of the relevant Sub-Fund up to the value of the redemption amount. The Board of Directors will only exercise this discretion if: (i) the relevant Shareholder consents thereto; and (ii) the transfer would not adversely affect the remaining Shareholders. Any costs incurred in connection with a redemption in kind of securities or other assets shall be borne by the relevant Shareholder.

23.9) NAV Calculation

The NAV per Share of the Sub-Fund will be determined weekly, priced as of each Tuesday (or the following Business Day). The NAV is usually calculated on the first Business Day following such Tuesday (each a “Calculation Day”).

For statistical performance tracking purposes, a *technical NAV* as of the last Business Day of each month may also be calculated and disclosed. No subscriptions and redemptions will be executed on such a technical NAV.
